COLLEGE FACILITIES

Set in a peaceful rural environment, Mirboo North Secondary College offers a welcoming and vibrant learning atmosphere. Surrounded by expansive ovals, landscaped gardens, and natural beauty, the College provides students with a safe and inspiring setting in which to learn, grow, and thrive.

Student Spaces and Outdoor Facilities

The College is well-equipped with outdoor spaces that promote active lifestyles and social connection, including:
– A multi-purpose basketball court
– An adolescent adventure playground
– Large grassed areas ideal for sport and recreation

These outdoor facilities support student wellbeing and provide valuable space for both learning activities and informal play.

Specialist Learning Facilities

Students benefit from access to a wide range of modern, purpose-built learning environments designed to support a diverse and engaging curriculum:
– Fully equipped Science Laboratories
– Dedicated Art, Ceramics, and Multimedia rooms
– A professional-grade Food Technology kitchen
– Woodwork and Technology workshops
– Instrumental Music rooms
– Flexible general-purpose classrooms with modern furnishings

All learning spaces are technology-rich, with features like interactive TVs and video conferencing. The design of the college also supports indoor-outdoor learning, encouraging creativity and collaboration.

Innovative Learning Centre

Our flexible Learning Centre fosters collaboration and creativity. It enables team teaching across year levels or classes and includes dedicated wet areas for hands-on learning. The space supports cross-curricular projects and high-quality student work.

Auditorium and Events Spaces

The spacious College Auditorium plays a central role in school life. It is used for:
– Whole-school assemblies
– Guest speaker presentations
– Musical and performing arts showcases
– Senior exams and special events

Adjacent to the auditorium is a fully equipped canteen that also caters for college events.

Senior School Centre

Senior students enjoy a dedicated Senior School Centre designed to support academic focus and post-school pathways. This space includes:
– Private study areas
– Specialist teaching rooms
– A careers hub
– Access to the Senior Coordination Team

This centre supports independent learning and future planning for our senior learners.

Sustainability and Landcare

The College proudly supports environmental sustainability through its state-of-the-art hothouse, which underpins our active Landcare program. Students engage in hands-on environmental learning, contributing to our local ecosystem and building a sense of stewardship for the natural world.

Library and Study Spaces

Shared with Mirboo North Primary School, our modern Library is a vibrant hub for reading, research, and discovery. It includes:
– A wide range of digital and print resources
– Comfortable silent reading zones
– Spaces for collaborative learning

The library fosters a love of learning and connects students to a wealth of knowledge.

Gymnasium and Sporting Facilities

The College shares an fullsize gymnasium with the local primary school and the wider community. Features include:
– Indoor basketball court
– Weights/exercise room
– Mezzanine level and equipment storage
– Male and female change rooms

These facilities support our strong commitment to health, fitness, and community engagement.

Shared Administrative Hub

Our shared Administration Building brings together staff from both the secondary and primary schools, creating a strong sense of community and connection. It houses:
– Office and administration services
– Principal’s offices
– A communal staffroom that supports collaboration between schools
