

VCAA LETTER

27 November 2024

Dear students, parents and carers

Update from the Victorian Curriculum and Assessment Authority

I write further to my letter on Friday 22 November 2024, regarding the work underway to address the errors that have impacted the 2024 Victorian Certificate of Education examinations.

The Victorian Curriculum and Assessment Authority (VCAA) today has published the list of 56 VCE examinations impacted by the inadvertent publication of examination material on the exam cover sheets.

The list is available [on the VCAA's website](#).

In no case was a full examination published early.

The exam cover sheet error represents a potential risk of advantage. Whether this became an actual advantage will only be determined when the marking of the examinations is completed.

I understand, regret and apologise for the concern caused by the early publication of some examination material.

Additional information, including Q&As, is on our website: www.vcaa.vic.edu.au

Yours sincerely

Dr Marcia Devlin AM
Interim Chief Executive Officer
Victorian Curriculum and Assessment Authority

VCAA Letter to Students
